

Middle Country Youth Civic

LEADERSHIP!

The Middle Country Youth Civic Association is made up of Middle and Highschoolers. The intention is to serve the community at large and the group gets to decide what projects they believe would benefit the community and how to implement their ideas., and how local government works.

Ideas like planning what would make our neighborhood better, parks, types of businesses we would like to see here, community events like street fairs, movie night in the park, and an art mural contest for high school. They will learn, leadership, planning, and how local government works

VOLUNTEER!

They are guided and assisted by the Centereach and Selden Civic Executive Board but are encouraged to act as their own group. The Youth Civic is, of course, always accompanied by some form of supervision

COMMUNITY SERVICE!

Please consider joining the Middle Country Youth Civic. There are no fees associated with joining and the volunteer can get community service credit for school
